All institutional charges, including tuition, fees, books, materials, and supplies are deducted from the financial aid award(s). If a student's financial aid exceeds institutional charges, the student will receive a refund. College students will receive their financial aid in up to two disbursements per term. Disbursements will occur after the census date, attendance is documented, and if the student is in good academic standing. Non-federal funds will be awarded during/after the 10th week. No funds will be awarded until they are received from the awarding agency.

Probation will be awarded from the Scholarship Committee. Once the student has regained eligibility the student's status will then be returned to a warning status. Aid granted after reinstatement will be based on the availability of funds and the student's financial need.
